Re: Baytowne Hyundai / Emmanuel Baptist Church

Dear Lisa,

It is with some personal pleasure that I provide this letter of reference with regards to the performance of you and your firm on the above two projects.

Your firms experience and ability has made the process a pleasure and your proactive approach to problem solving is refreshing and encouraging in a market that seems to be more bent on shifting responsibility.

We look forward to more of these working relations together and openly invite any queries.

Sincerely,

Ted Handy, MRAIC, OAA
